

Yes, I support services for seniors in housing!

Over the years York housing has recognized the importance of services in housing, and has grown and maintained the services program that we are proud to offer today. It is our services program that makes us a unique housing provider and one of the reasons people chose to live in our York Housing Neighborhoods. In order for our services program to remain strong into the future we must ask for help. The Wishing Well Fund has been established to fundraise for services.

Please consider becoming a Friend of York Housing and make a difference in the lives of seniors.
